1 Introduction

This document describes the *sct* option for the SVJOUR L^AT_EX 2_ε document class. For details on manuscript handling and the review process we refer to the *Instructions for authors* in the printed journal. For style matters please consult previous issues of the journal.

2 Initializing the class

As explained in the main *Users guide* you can begin a document for *Software Concepts & Tools* by including

```
\documentclass[sct]{svjour}
```

as the first line in your text. All other options are also described in the main *User guide*.
